Students take the lead in organising pre-graduation dinner

KUCHING: Universiti Malaysia Sarawak (Unimas) Economics and Business Faculty organised a pre-graduation dinner for the Bachelor of Finance (Honours) cohort 2014-2016 at a hotel here recently.

According to a press statement, all 144 graduating students, together with the Dean of Economics and Business Faculty Assoc Prof Dr Rohaya Mohd Nor

and academic staff attended the event.

The dinner is an annual event where graduating students play an active part not only in organising the dinner but also in seeking sponsorships from industry partners and programme alumni.

According to the finance programme's senior lecturer Dr Muhammad Abdullah Zaidel, the

undergraduates ability to organise such public events actually help to develop their communication and interpersonal skills when it comes to the employability of fresh graduates.

He further added that based on the faculty graduates records, 80 per cent of graduates from Unimas Bachelor Degree in Finance were employed within three months upon their graduation.
