In the article titled “Biomass Modification Using Cationic Surfactant Cetyltrimethylammonium Bromide (CTAB) to Remove Palm-Based Cooking Oil” [1], the grant details were missing from the Acknowledgments section as follows:

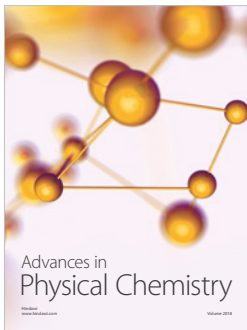

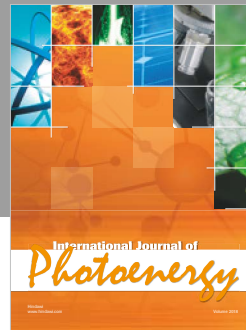

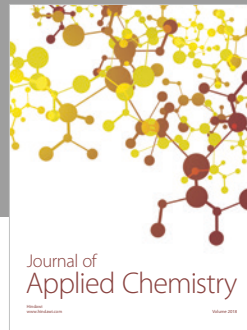

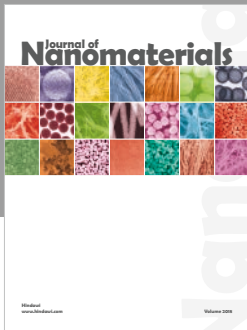

“Thanks are extended to the Universiti Malaysia Sarawak for the funding and facilities provided.”

Thus, the Acknowledgments section should be updated as follows:

“This study was supported by the research grant from the Ministry of Higher Education, Malaysia, under the Research Acculturation Grant Scheme (RAGS) with Grant number RAGS/ST/01(1)/932/2012(33). The authors wish to thank Universiti Malaysia Sarawak for the facilities provided.”
