### **4,142 students enrol for Sept intake at UNIMAS**

KOTA SAMARAHAN: Universiti Malaysia Sarawak (UNIMAS) recorded the highest enrolment of new students this year.

Vice chancellor Datuk Khairuddin Abdul Hamid said a total of 4,142 students were enrolled for September 2012/2013 intake, which was a historic figure for the university since its establishment 20 years ago.

There were also 19 foreign students from China, Bangladesh, Turkey, India, Pakistan, Korea, Indonesia, Tajikistan and Kyrgyz Republic.

"We are very proud that UNIMAS has been given the acknowledgement of a world-class university and I believe all students are prepared to face all challenges at the globalised level," he said at the Welcoming Week for new students at the university yesterday.

Khairuddin reminded students to use the best opportunity to equip themselves with useful knowledge.

"Besides learning all the knowledge, students must also have competitive, creative and proactive qualities.

"We hope the students will develop an open mind and high intellect on the backdrop of a cultural harmony in this state," he said, while stressing that students must be smart in dividing their commitment between academia, association, leisure and other activities.
