FOR FAMILY ... Lau (left) receiving his honorary Doctor of Management from His Excellency at the convocation yesterday.

Lau dedicates honour to family

by [unclear] - [unclear]
SAMARAHAN: KTSHoldings Sdn Bhd executive chairman Dato Sri Lau Hui Kang has dedicated his honorary Doctor of Management from Universiti Malaysia Sarawak (Unimas) to his family.

Honoured and grateful to be presented with the honorary Doctor of Management at the ripe age of 77 by the university at its seventh convocation here yesterday, he said he accepted it on behalf of his family.

Lau was selected for steering the company to become one of the biggest conglomerates in Sarawak dealing in timber business.

He was honoured for his involvement in various major industries such as forestry, timber, agriculture, media as well as charitable organisations.

Lau said his achievements today in various fields were not his alone as his family members and board of directors; particularly his wife, sons and daughter had played a major role with excellent contributions in the company.

Their ability to work together with the staff in unity and solidarity had ensured success in the company and his endeavours, he said.

Advising fresh graduates to resist the temptation to change jobs whenever faced with challenges, Lau said a rolling stone would not gather moss.

Instead they should be open to learn and put in effort in building rapport with their employers and earn their trust and confidence, he advised.

In return for the honour awarded by Unimas, Lau pledged to do his best to promote the university and contribute to its development.
