REASON FOR WITHDRAWAL

The completion of the last task is overdue for more than one year. New authors are being sought to take over this protocol.

WHAT'S NEW

Last assessed as up-to-date: 25 May 2015.

Date	Event	Description
4 February 2016	Amended	withdrawn

SOURCES OF SUPPORT

Internal sources

- Julius Centre University of Malaya, Malaysia.

This work is part of the STeMM Programme supported by the University of Malaya/Ministry of Higher Education (UM/MOHE) High Impact Research Grant (Grant number E000010-20001). The scope of funding includes capacity building and training via Cochrane Systematic Reviews Workshop, Cochrane Completion Review Workshop, provision of the Cochrane Library database and support in retrieving full text articles.

External sources

- Clinical Research Center, Sarawak General Hospital, Malaysia.

It supported one of the authors, KJW, to attend "COCHRANE REVIEW COMPLETION WORKSHOP" organized by Julius Centre University of Malaya on 4-6th Mac 2014.
