Tajuk : Over 2,000 Unimas staffers in Silver Jubilee celebration

NEW SARAWAK TRIBUNE • THURSDAY JANUARY 26, 2017

Over 2,000 Unimas staffers in Silver Jubilee celebration

BY DESMOND MARKUS

KOTA SAMARAHAN: Universiti Malaysia Sarawak (Unimas) celebrated its 25th anniversary (Silver Jubilee) at Arena Gemilang Hall, DeTaR PUTRA, yesterday which was attended by about 2,000 staffers.

Established in 1992, the highlight of the ceremony was the delivery of Vice-Chancellor's mandate by Unimas Vice-Chancellor, Professor Dato' Dr Mohamad Kadim Suaidi.

In line with the celebration, the mandate theme was "Merentasi dan Melangkaui 25 Tahun (25 years and beyond)" which covered the history of Unimas and its achievements since its establishment until at present.

"The theme is significant with the mission and vision to become a comprehensive university in the 21st century. In facing the challenging and global demand, it is important for the university staffers to refresh their roles and responsibilities," said Kadim.

He added that in conjunction with the celebration, various activities have been planned and advocated by Unimas throughout this year to enliven the celebration.

During the event, Chairman of Unimas Board of Directors, Datu Dr Hatta Solhi officiated the launching of three events namely, launching of Office 365.unimas.my, MyFAS, and celebration of Unimas Silver Jubilee with the symbolic cake-cutting ceremony.

Office 365.unimas.my is a webmail which replaces *webmail.unimas.my* or *dominomail.mail.unimas.my* to be officially initiated on 1 February.

The use of the new webmail in general can be accessed with 'office system' anywhere regardless of location.

Beside having various features, the webmail also provides various 'web apps' which enable the user to edit documents such as Microsoft Word, Excel, Powerpoint, OneNote and SharePoint.

Meanwhile, MyFAS is a Unimas initiative of the new Unimas Finance and Accounting System in an effort to comply with the Standard Accounting System For Government Agencies (SAGA).

It is on par with the needs of 'Surat Pekeliling Akauntan Negara Malaysia Bilangan 2 Tahun 2015'. The system has also been adjusted with the Unimas needs and to be implemented in stages.
