# Unimas sets sight on 300 foreign student enrolment

**KUCHING:** Universiti Malaysia Sarawak (Unimas) will undertake an aggressive promotional drive starting next month to meet their target of recruiting 300 foreign students.

Currently, with around 160 foreign students in its Kota Samarahan campus, Unimas vice-chancellor Datuk Dr Khairuddin Abdul Hamid said that the university

would set its sight on the less popular countries to avoid competing with other institutes of higher learning.

"After conducting a research, we found out that other varsities are keen to enrol students from popular Middle East countries," said Dr Khairuddin after the students' pledge session at Dewan Tun Abdul Razak Putra yesterday.

As such, Unimas will start their promotional drive especially to Kalimantan, Indonesia and other countries such as Kazakhstan and Tajikistan.

"At the moment, we are setting our sights on Turkey and selected parts of China for the student intakes," added Khairuddin.
