

Talk to share about the world of frogs

KUCHING: Learn more about the amazing world of frogs at a Malaysian Nature Society (MNS) Kuching Branch public talk on Tuesday (April 2).

To be held at the UCSI Campus at 7.30pm, it will be conducted by Professor Dr Indraneil Das, professor of herpetology at the Institute of Biodiversity and Environmental

Conservation, Universiti Malaysia Sarawak (Unimas).

His research interest includes ecology, systematics and conservation biology of Bornean and Southeast Asian amphibians and reptiles.

Two of his students — Pui Yong Min and Ong Jia Jet — will also speak on the Bornean Frog Race 2013.

Registration for the race is still open.

Admission to talk is free but interested attendees are encouraged to register with mnskuching@gmail.com.
