

# CONTENTS

1. Foundation in Science Studies – Biological Field Trip Report: Brief Documentation on Selected Timber-Related Plants Species with Commercial Value in Kubah National Park, Sarawak	1
2. Ten New Endemic Genera of Araceae on Borneo	2
3. Hornbills in Sarawak	3
4. Community Ecology of Understorey Tropical Forest Bird in Western Sarawak	4
5. Invasive Urban Birds in Western Sarawak	5
6. The Diversity of Birds in Kuching and Kota Samarahan Area	6
7. Free-Roaming Dog Population in Suburban Residential Areas of Western Sarawak	7
8. Ecological Studies of Medium to Large Mammals in Oil Palm Plantation, Miri, Sarawak	8
9. Vertical Stratification of Felids in Western Sarawak, Borneo	9
10. Genetics Diversity of Captive and Semi-Wild Orangutan in Malaysia	11
11. Genetics and Ecology of the Silvered Leaf Monkey (Genus <i>Trachypithecus</i> ) from Malaysia	12
12. Activity Pattern, Distribution, and Threats of the Bornean Sun Bear, <i>Helarctos Malayanus Eurypilus</i>	13
13. Bioacoustic Study of Insectivorous Bats	14
14. Persistence of Medium to Large Terrestrial Mammals in a Production Forest in Interior Sarawak	15
15. Crocodylian Distribution and Habitat Use in Western Sarawak	16
16. Spatial Biology of the Spiny Hill Turtle, <i>Heosemys Spinosa</i>	17
17. Comparative Aspects of the Ecology of Four Syntopic Species of Angle-Headed Lizards, Genus <i>Gonocephalus</i>	18
18. Systematics, Ecology and Biogeography of the Gekkonid Genus <i>Cnemaspis</i> in Borneo (Squamata: Gekkonidae)	19
19. Thermoregulation, Predatory Strike and Activity of the Bornean Keeled Pit Viper, <i>Tropidolaemus Subannulatus</i>	20
20. Towards Three-Dimensional Experimental Investigation on Fish Sperm Mobility in Oily Water By Digital Holographic Microscopy for Environmental Protection	21
21. Assessment of Fish and Macroinvertebrates in Streams Associated with Mineral Soil and Peatland in Kuching and Samarahan Divisions, Sarawak	22
22. Effects of Multiple Land Use on Fish Communities in Headwater Streams, Kuching, Sarawak	23
23. The Importance of Salt Licks in Sarawak	24
24. Dissolved Organic Carbon Concentrations in an Oil Palm Plantation at South Selangor Peat Swamp Area, Malaysia	25
25. Production of High Quality Silage from Sago Fronds	26
26. Food Plant Knowledge Among Bidayuhs of Sarawak	27
27. Utilization of Non Timber Forest Products in Mount Jagoi Forest, Bau District, Sarawak	28
