

Eight Unimas engineering students receive Zecon awards

THE BORNEO POST SATURDAY 5 AUGUST 06 PAGE 12

KOTA SAMARAHAN: Eight students from the Engineering Faculty of Universiti Malaysia Sarawak (Unimas) received Zecon Engineering Berhad awards in conjunction with Unimas Convocation Fest here yesterday.

Zecon's chairperson, Datu Dr Hatta Solhi presented the awards to Iffah Mohamed, Yee Ming Fatt, Lim Chia Cheen, Roselyn Lim Sheau Chee, Fauzan Sahdi, Dewiza Khalimatul Jamisa Jamain, Abang Mohamad Nizam Abang Kamaruddin and Elly Nadya Bajuri.

Zecon and Unimas jointly held the awards to motivate engineering students to be successful in their faculties. It was also as a recognition of these students who will graduate this year.

The Unimas Engineering Faculty was set up on December 1993 and to date, it offers four pre-graduate level programmes namely Mechanical and Manufacturing Engineering,

Electronic and Telecommunication Engineering, Electronic and Computer Engineering and Civil Engineering.

Unimas will also provide bachelor programme for Chemical Engineering, which was synonymous with the massive development in processing and chemical industries especially in natural gas industry. However, intake for this programme will start in mid-2007.

At the moment, Unimas Engineering Faculty is working closely with industries inside and outside the State in various fields such as manufacturing, oil and gas, telecommunication and electronics as well as building.

Also present were deputy vice chancellors of Unimas Professor Khairudding Abdul Hamid, Professor Dr Mohd Azib Salleh, Professor Dr Mustedza Mohamed, and Zecon executive director, Zainurin Ahmad.
