ABSTRAK

Artikel ini disediakan bagi mengulas perkaitan antara konsep sendiri dan pengintegrasian sosial dalam konteks jenayah. Satu kajian ulasan sistematik telah dijalankan bagi mendapatkan maklumat lengkap berkaitan konsep sendiri dan pengintegrasian sosial dengan menggunakan pangkalan data Elsevier, Sage and Google Scholar. Keputusan kajian menunjukkan bahawa terdapat hubungan yang signifikan antara konsep sendiri dan pengintegrasian sosial terutamanya bagi individu yang pernah terlibat dengan salah laku jenayah. Hasil kajian memberi implikasi kepada pihak yang berkepentingan mengenai peranan faktor pelindung dalam mengurangkan kadar residivisme.

KATA KUNCI: Konsep sendiri, pengintegrasian sosial, ulasan sistematik

ABSTRACT

This article is prepared to review the link between self-concept and social integration in the context of crime. A systematic review was conducted to obtain information regarding the link between self-concept and social integration in databases such as Elsevier, Sage and Google Scholar. The results indicate that there is a significant relationship between self-concept and social integration especially among individual who has involved in criminal activities. As an overall impact, the study provided implications to the concerned parties regarding the role of protective factors in order to reduce the recidivism rate.

KEYWORDS: Self-concept, social integration, systematic review
