

CONFERENCE ATTENDANCE REPORT

Name	: TERRY LUCAS
Faculty/Institute/Centre	: FACULTY OF APPLIED AND CREATIVE ARTS
Conference Title	: INTERNATIONAL CONFERENCE ON ADVANCING AND REDESIGNING EDUCATION 2023
Title of Paper/Presentation	: TOWARDS A CONCEPTUAL DESIGN FRAMEWORK FOR VIRTUAL REALITY-BASED EDUCATIONAL ANIMATION
Conference Venue & Date	: NOVEMBER 21-22, 2023
Conference Organised by	: UNIVERSITI TEKNOLOGI PETRONAS, ALLIANCE OF GOVERNMENT-LINKED UNIVERSITIES
Participation Sponsored by	: MINISTRY OF HIGHER EDUCATION (MOHE), FUNDAMENTAL RESEARCH GRANT SCHEME [FRGS/1/2020/SS10/UNIMAS/02/2] @ [F03/FRGS/1996/2020]
<p>1. Explain the new knowledge (e.g. theories/ concepts/ issues/ research methods/ techniques) gained from the conference.</p> <p>Learnt about various research topics on technology-enhanced learning, innovative curriculum & programme offering, learning beyond classroom, and digital campus. I particularly focus on immersive technologies, open and distance learning, and blended learning. Many presentations that I came across were about artificial intelligence.</p>	
<p>2. Explain the feedback received on your presentation (Please indicate duration, Q&A and other relevant discussion).</p> <p>The duration was 10 minutes of presentation and 5 minutes for Q&A. Questions asked by participants were related to the theories being used in developing the framework. Another suggestion was to include the feasibility of the content to be produced for the virtual reality-based educational animation.</p>
