

Tajuk : Free Health Screening At Sarawak ICT Expo

## Free health screening at Sarawak ICT Expo

**KUCHING:** Malaysian Red Crescent, Stampin Chapter VAD Unimas Medical Faculty will be offering free health awareness and screening at Borneo Convention Centre from 10.30am to 2pm daily from Dec 1 to 2 in conjunction with Sarawak ICT Expo.

This include free measurement of blood pressure, height and body mass index. The medical team from State Population and Family Development Board will provide cholesterol and blood sugar test on Dec 1. They will also give free HPV vaccination for teenagers born in year 1993.

The human papilloma virus (HPV) vaccine prevents infection from certain species of human papillomavirus causing cervical cancer, genital warts, and some less common cancers. Teenagers are recommended to have this vaccination.

They will also be offering free consultation and subsidy on mammogram for women.

A blood and organ donation campaign will also be held during the two-day event as well as a colouring competition for young children. The public are advised to call Wendy at 019-8182244 for enquiries.

FREE HEALTH CHECK: VAD members from Unimas Medical Faculty welcome the public to come for the free health check.
